date**

Highlights:

- Safety
- Human Factors
- Energy Transition

06 October
2026
Bogotá

Club Ecopetrol
Avenida Suba # 100-90

Support by

The Colombian Safety Council (*Consejo Colombiano de Seguridad - CCS*)

is a technical organization with 72 years of expertise in occupational health, safety, and sustainability within Colombia's energy and hydrocarbon sector. Driven by our commitment to sector development, we have been strengthening our institutional relationship with IOGP to promote industry growth and continuously position Colombia as a benchmark for occupational safety and environmental management.

In 2026, we are thrilled to collaborate with IOGP to co-host the **Hydrocarbon Sector Roundtable** in Bogotá, Colombia, on **October 6, 2026**. CCS will bring its extensive technical expertise together with IOGP's international experience and global representation to make this Roundtable a space for specialized technical knowledge, meaningful dialogue, and the exchange of valuable business experiences across Colombia's oil and gas sector.

The following agenda will be developed throughout the session:

OBJECTIVE

Foster knowledge sharing and the exchange of industry best practices to enhance Colombia's hydrocarbon sector through the strategic partnership between **IOGP** and the **CCS**.

PROPOSED AGENDA

Time	Activity	Lead / Speaker
8:00 a.m.	Opening Remarks & Welcome	IOGP - CCS
8:30 a.m.	IOGP Organizational & Strategic Overview	IOGP
